

MEDIA HABITS OF YOUNG CHILDREN (7-12)

Important Facts

The Common Sense Census reports that young children in this age group spend on average nearly 6 hours a day consuming media (both offline and online). Most of this time they spend watching TV, or videos.

Important Terms

- new media = electronic media such as videos, electronic games, social media, and the internet
- co-viewing = when parents watch media (such as TV or videos) together with their children

There are three important **recent studies** that focus on the media consumption of children in this age group:
